ABOUT S TOIL

Shatadi Toil is an independent multi-disciplinary company which specializes in Environmental Authorisations, Vegetation Management, Forestry Services, Pest Control Services, Impact Assessment, Consulting, Training and Auditing.

The company is 100% black female owned and was established in 2015, with a defined agenda of becoming a dynamic and critical role player within the environmental management and forestry sector. The company is a provider of turnkey solutions for environmental management in the SADC region.

We pride ourselves in our client relationships and expert advice.

OUR TEAM

Our team comprises highly qualified individuals who possess a diverse range of certifications, extensive training, and hands-on experience in specialized areas crucial to our work. Each member of our team is proficient in various fields, including but not limited to pest control operation, chainsaw operation, brush cutter operation, pole pruning, herbicide handling, basic occupational health and safety protocols, fire fighting techniques, and first aid at level II.

Through rigorous training programs and practical experience, our team members have developed a deep understanding of the intricacies involved in their respective fields. They are equipped with the necessary skills, knowledge, and certifications to perform their duties safely, efficiently, and effectively. Our commitment to ongoing training and professional development ensures that our team remains up-to-date with the latest industry standards, regulations, and best practices.

As a result, our clients can trust that they are receiving services of the highest quality from experts who are dedicated to excellence in every aspect of their work.

ORGANIZATION OBJECTIVES

- Ensure environmental sustainability in all projects.
- Deliver sound and cost-effective solutions for environmental management and conservation.
- Exceeding customer expectations and needs.
- Understanding the market environment and responding proactively.
- Efficient use of our assets and resources.

OVERVIEW

ENVIRONMENTAL AUTHORISATIONS

The purpose of the EMS is to assist in ensuring the sustainability of projects or plans, in terms of environmental and socio-economic criteria, by providing a range of environmental services that can be applied at a strategic regional level or a site-specific scale.

Available services include: Environmental Impact Assessments, Waste Use Licence, Mining Permits and Environmental Management Plans.

VEGETATION MANAGEMENT

Shatadi Toil (Pty) Ltd clears and removes vegetation and alien invasive plants through the following methods; mechanical clearing, chemical clearing and biocontrol clearing. We also offer removal of aquatic weeds as well as industrial vegetation and emerging weeds. We clear around various infrastructures such as Pipelines, Powerlines, National Roads and well as industrial Machines. The post clearing services that we offer includes, disposal of weeds, shredding, seed burning as well as land rehabilitation.

FORESTRY

Shatadi Toil (Pty) Ltd offer a variety of forestry services that includes but not limited to silviculture such as planting, brushing, spacing & thinning, commercial thinning, pruning, browse control, vegetation management (including herbicide spraying), site preparations and erosion control. We also offer harvesting services which includes forestry surveys, felling, processing, logistics (short-hauling and long-hauling) and extraction.

PEST CONTROL AND FUMIGATION

Shatadi Toil (Pty) Ltd has registered a PCO (Pest Control Officer) license with the Department of Agriculture. We provide client-centered services tailored to meet the Pest Control and Fumigation needs of each of our clients. We ensure that our products, SABS approved, are safe and environmentally friendly for our valued customers.

The pest control services that we offer includes rodent control, insects control, termite treatments and garden pest control. Other services include preventative proofing, nests removals, fumigation as well as antimicrobial fogging & disinfection services.

VAUE-ADDED SERVICES

Shatadi Toil (Pty) Ltd has the professional knowledge and capacity to deliver the following services in line with the customers' requirements:

- Environment authorizations (Licenses)
- Consulting
- Training
- Audit

HEALTH & SAFETY

SHATADI TOIL believes that engagement is the key to improving health and safety. Through our health and safety management system, our goal is to:

- Develop a safe and healthy work environment for everyone associated with SHATADI TOIL.
- Provide practical tools and techniques for use in the assessment and consideration of occupational health and safety issues across all work we undertake.
- Provide expertise and resources to implement and maintain our health and safety policy.
- Provide health and safety management processes to anyone working on SHATADI TOIL projects.
- Ensure application of health & safety policies to prevent incidents and implement hazard reduction.
- Conduct investigations for injuries and develop preventative measures to promote continual health & safety improvement.

PROFESSIONAL MEMBERSHIPS

- We are registered as Pest Control Operator in terms of Fertilizers, Farm Feeds, Agricultural Remedies and Stock Remedies Act, 1947 (Act No. 36 Of 1947), as amended.
- Our environmental team is also affiliated with the South African Council for Natural Scientific Professions (SACNASP) and Environmental Assessment Practitioner Association of South Africa (EAPASA).
- ISO 9001:2015: Quality Management System Certified
